Assessment Degree Requirement

Students who have completed 55 to 75 credit hours may be required to participate in institutional assessments of general knowledge. Assessment activities are conducted by the Academic Assessment Coordinator. Students who are contacted to participate and fail to participate will not be allowed to register for future semesters until the requirement has been satisfied.

Academic Advising

All first time college students and new transfers are advised in the Advising Center or the Transfer Center. The advisers help students plan their course schedule, explore majors and learn to do their own academic planning. Students declare a major/minor using the online Declaration of Major Form at enmu.edu/Declare.

Declaration of a Major or Change of Major/Minor/Emphasis

Declaring a major allows for careful planning with an academic adviser in the major field for meeting the requirements of that major. A student declares a major by completing a Declaration of Major Form available online at enmu.edu/declare and will use a CAPP degree evaluation for the tentative degree plan.

A student may declare or change a major, minor, emphasis and/or endorsement area at any time by completing a Declaration of Major Form available online at enmu.edu/Declare. Students may move to the current catalog when changing majors.

First-Time Freshmen

First-time Freshman are students that are attending ENMU for the first time after high school graduation or being admitted with a GED. These students are advised in the Advising Center the first two full semesters of attendance. Students are encouraged to declare a major as soon as possible and are required to declare a major by the end of the second semester of study. At this time, they are sent to a faculty adviser in the student's major field of study. Students who do not declare a major will be assigned an adviser in University Studies.

If a student has less than a 2.00 GPA after the second semester, the student will remain with the Advising Center for a third semester.

The Advising Center is located in Student Academic Services (SAS), Room 214, 575.562.2338 and can be found online at enmu.edu/Advising.

Transfers

Transfer students seek initial advising help from the Transfer Center, located in Student Academic Services (SAS), Room 107, phone, 575.562.2178, 888.ENMU.ADV or 888.366.8238. Transfer Center staff will use a CAPP degree evaluation for the student's degree plan and assist the new student with setting-up their class schedule. Transfer students are asked to complete a Declaration of Major Form online and those who declare a major in Nursing, Emergency Management/Fire Safety or BAAS Aviation Science are not advised by the Transfer Center but are referred directly to the major area for advising.

Double Major

Double major is the term used to refer to pursuing two major fields of study at the same time. The majors must be offered under the same degree, e.g., both majors are available as Bachelor of Science programs or as Bachelor of Arts programs. Such a program allows the student the opportunity to acquire expertise in two fields of study while working toward the same degree program. Careful planning may allow students to complete requirements for both programs without exceeding the minimum 120 hours required for graduation. However, students are not allowed to complete a double major between any of the Bachelor of Business Administration degrees. Students are encouraged to discuss with their College of Business adviser about possibly completing a minor in their second field of interest instead. Students who want to pursue two majors that are not available under the same degree, e.g., one available as a Bachelor of Science and another available only as a Bachelor of Arts, are referred to the sections on Second Degrees, see Page 31.

Major

This term refers to a major field of study or primary area of specialization. It requires at least 30 semester hours and usually more. All students must complete institutional and general education requirements as well as a major. Some majors, typically those requiring few hours, may also require the student to complete a minor. **A "D" grade does not count in the major.**

Minor

A minor is a second field of study in which a student may earn a minimum of 15 hours. **A "D" grade does not count in the minor.**

Primary Concentration Area

A primary concentration area is that component of a B.A.A.S. degree consisting of 30-58 hours of technical or vocational work from a transfer institution. **A “D” grade does not count in the primary concentration.**

Secondary Concentration Area

A secondary concentration area is a component of the B.A.A.S. degree. It requires a minimum of one 24-hour block in a field of study. **A “D” grade does not count in the secondary concentration.**

Subject Matter Endorsement Area/Minor

A subject matter endorsement area is a component of a teaching degree. The subject matter endorsement area serves as the minor for teaching degrees. **A “D” grade does not count in the subject matter endorsement area/minor.**

Emphasis

An emphasis is an area of specialization within a major. **A “D” grade does not count in the emphasis.**
