

FALL 2019 ENMU COURSE NUMBERS NAVIGATION GUIDE

Use this list to search for fall 2019 undergraduate courses. Changes to course prefixes and numbers apply to undergraduate courses as noted. This guide applies to courses that may be offered for the fall 2019 semester at ENMU.

Instructions: To ensure you are searching for the equivalent courses offered at ENMU under a new state-wide common course numbering system (CCNS), please refer to the first column for the “old” course number. In the second column, the “new” course number that is effective under New Mexico state law as of fall 2019 is listed. Not all courses have been converted to the new course numbering system as of this time.

This list will be updated each semester as new course prefixes and course numbers are assigned as the CCNS continues to be implemented.

Graduate-level courses are not affected by these changes.
