Project Title

Initial Submission

Renewal

Purpose of Animal Use

Laboratory research

Field research

Teaching

Other: _____

Funding source: _____

Proposal submission deadline: _____ Project duration: _____

Animal Requirements

Genus and species: _____

Strain or breed: _____ Sex: _____ Source (vendor): _____

Housing location: _____

Animal manipulation location _____ Total number animals to be used: _____

Animal Manipulation

Drugs will be used: Yes No

If yes, list name(s) of agent(s): _____

Dosage(s): _____ Route(s) of administration: _____

Type of euthanasia: _____

Animal disposal mode: _____

Brief Description of Experimental Design and Animal Procedures:

Briefly explain the experimental design and specify all animal procedures. This description should allow the IACUC to understand the experimental course of an animal from its entry into the experiment to the endpoint of the study.

Field Studies

If animals in the wild will be used, describe how they will be observed, any interactions with the animals, whether the animals will be disturbed or affected, and any special procedures anticipated. Indicate if Federal permits are required and whether they have been obtained.

Principal Investigator Assurance Statement

I accept and will conform to all Federal and State Laws and guidelines and all institutional policies and procedures concerning the care and use of vertebrate animals. I understand that I have a responsibility to notify in writing the ENMU IACUC of any significant changes in the proposed project or personnel, relative to this application.
