

Chromebook and Android ENMU Student Remote Lab Tutorial

(Can be used by Faculty and Staff as well)

For the Windows version of this tutorial, visit this [Link](#)

Steps needed before doing the ENMU VPN Client Installation Tutorial:

If you don't already have DUO MFA setup, follow the below tutorial first:

[Duo MFA Setup Tutorial](#)

To download the latest version of the VPN Client, please go to:

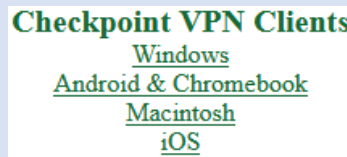

<https://itsweb.enmu.edu>

If you have questions regarding the VPN Client please contact:

Help.Desk@enmu.edu

ENMU VPN Client Installation Tutorial

- Download or update to the latest version of the *Capsule VPN* client by visiting <https://itsweb.enmu.edu> and left-clicking or tapping on the link for your Computer's version, as seen here:

- When you open the Capsule app

you will click or tap on

Create new site

- Put in ENMU as the name, and securevpn.enmu.edu as the Server

Name:

Server:

- Now click or tap

Create

- After spinning for a little bit saying 'Retrieving Credentials' it will ask:

Do you trust this server?

click or tap

Trust

- Then it will ask you 'Select the authentication method to be used.' Select: ENMU Student Duo

- Next enter your ENMU credentials

sd\YourUserNameHere

.....

- Click or tap

Connect

- Confirm the DUO MFA prompt you receive.

Remote Desktop Client Installation Tutorial

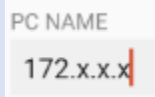

- Download or update to the latest version of the *Windows Remote Desktop* client by visiting <https://itsweb.enmu.edu> and left-clicking or tapping on the link for your Computer's version, as seen here:

**Remote Desktop For
Android and Chromebook**

- Open up the app and tap + in the top right corner.

- Tap Add PC

- Add the IP of the PC name that ITS Lab Desk gave to you in the field where you see 172.x below (Or for Faculty/Staff, the IP of their computer):

PC NAME

172.x.x.x

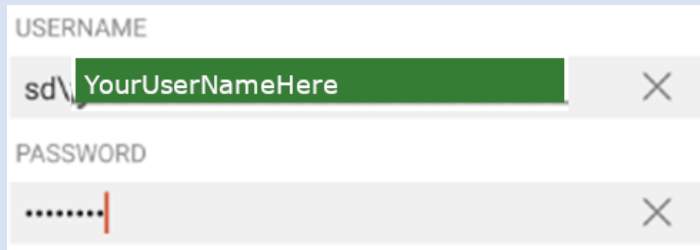

- Select the other settings you would like to have on such as Storage, Clipboard, and Microphone. Don't forget to give it a friendly name to help you remember.

When done, tap SAVE

- Now tap on

- Verify the resources you want to use then tap **CONNECT**
- Enter your ENMU Credentials:

A screenshot of a login form. The top section is labeled 'USERNAME' and contains a text input field with the text 'sd\YourUserNameHere' and a clear button (X) to its right. The bottom section is labeled 'PASSWORD' and contains a password input field with masked characters '.....' and a clear button (X) to its right.

- Tap **CONTINUE**

Congratulations, you should now be fully remoted in to the Lab machine!
