

## Weekly Tech Tip: Utilizing Teams Video Backgrounds

During work from home, have you wanted to have a more inspiring backdrop than generic walls or an unmade bed? You can set different backgrounds for your Microsoft Teams video calls ranging from a beach-side view to exotic space-themed settings.

**When in a video call within Teams:**

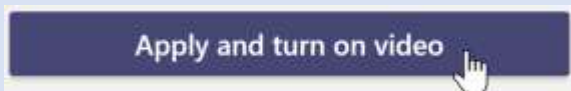

Left click 

Left click  Show background effects

Select your desired background by left clicking:

Left click 'Apply and turn on video'
