

Weekly Tech tip: Google's super useful advanced features

Have you ever been frustrated with search engines? Today's tech tip will save you time and frustration with your Google searches.

As an example, using some of these techniques, you can find every PDF document located on the ENMU website. To do so, just type the following in the Google search bar:

site:enmu.edu filetype:pdf

The following link will show you several tricks that will increase your search engine effectiveness: <https://ahrefs.com/blog/google-advanced-search-operators/>
