

ENMU Foundation Scholarship List

The ENMU Foundation transitioned to an online application process in 2019. As the online application is only open while scholarship applications are being accepted, you can find the full list of scholarships the ENMU Foundation offers below. **Review the list to see which scholarships for which you may be eligible, and then make sure your online application matches them correctly.**

Applicants will have until the submission deadline of the **morning** of February 18, 2026 at 11 am to submit applications for the ENMU Foundation scholarships. Please call 575.562.2412 if you have any questions about the ENMU Foundation scholarships.

Keep in mind, scholarships are not the only way to pay for college! Check with the **Office of Financial Aid** for more information on student loans, grants and other ways of paying for school. There are also a variety of Admissions Scholarships offered through the **Office of Enrollment Services**.

Each college awards scholarships to qualified students demonstrating academic excellence. Most scholarship recipients must be full-time students. Many scholarships have been set up through endowments or trusts by benefactors of the University. These scholarships are awarded based on the criteria set by the donors. The amounts of these scholarships are determined by the amount of interest earned on the donation, which may change from year to year.

Scholarships are awarded for the academic year. This means that the total amount is divided between the fall and spring semesters. If a student graduates in December, only the fall portion will be awarded.

Many scholarships are renewable. To be eligible to receive a scholarship again, you must reapply each year.

All scholarship recipients who receive an ENMU Foundation scholarship must adhere to the following:

- Write a letter to thank the donors of the scholarship
- Return the "Acceptance Agreement" form to the ENMU Foundation

Failure to comply will result in the loss of the scholarship.
